Hi Marion,

Thank you for taking a look at the write-up. Yes, BEAD provided the numbers to EFED for soil incorporation. They had simply mentioned last week that they were still working to finalize the memo (which I noted rather than marking completed).

I also noted that EFED's portion in providing numbers to HED was completed. Really only the HED DEEM runs seem to be outstanding (i.e., the table) and/or if anyone thinks that something had been missed.

Thanks.
Debra

If you have a minute or two please take a look. I plan to send to the team first thing in the morning.
